Algiers, November 5, 2026

To:
The Consular Officer
Embassy of Austria in Algiers
VFS Global Visa Application Centre

Subject: Application for a Schengen Business Visa — Tech Conferences in Vienna (Nov 24 to Dec 04, 2026)

Dear Consular Officer,

My name is **Lotfi Ghezal**. I am a 29-year-old software engineer living and working in Algiers. I am writing this letter to respectfully introduce myself, explain the purpose of my upcoming trip to Vienna from **November 24 to December 04, 2026 (10 nights)**, and provide clear details about my background and my commitments here in Algeria.

1. ABOUT MY WORK & COMPANY

I work in software engineering through two complementary activities:

My Work in Algeria (Auto-Entrepreneur)
I am registered as an independent software engineer with the Algerian National Agency (ANAE N° 109707220307924920).
• **Declared 2025 Revenue (Tax C20):** 2,000,000 DZD .
• I build and maintain internal ERP software and train IT staff for local Algerian companies (such as École Al-Wissem, SARL ProBat, and SARL CITIN).
• Portfolio: https://digitalx-solution.com

My US Tech Company (IntellectStim LLC)
I am the founder and CEO of **IntellectStim LLC**, a software company registered in Wyoming (Entity ID: 2024-001426093 • FinCEN BOIR ID: 50000001251936).
• **Company Website:** www.IntellectStim.com
• Our main product is **VelaSim**, an online eSIM service designed to help international travelers get easy mobile data access worldwide.

2. PURPOSE OF MY TRIP TO VIENNA

I have been invited to participate in two technology events taking place in Vienna:

Date & Venue	Event & Host	Why I Am Attending
Nov 26 – 27, 2026 Austria Center Vienna	**IT Futures 2026** Organized by *72net.io eU* *(Signed invitation letter attached)*	To follow technical presentations on Artificial Intelligence, Cloud infrastructure, and Cybersecurity, and to meet with European tech companies to discuss telecom partnerships for our eSIM platform (VelaSim).
Dec 02, 2026 (14h–19h) Startup House Vienna	**Open Link Day 2026** *Wirtschaftsagentur Wien* (Vienna Business Agency)	To attend sessions on open-source software and digital sovereignty in Europe, and to connect with members of the Vienna tech community.

Between November 28 and December 1, I plan to use the time to review the technical ideas gathered from the sessions, conduct B2B follow-ups, and prepare software integrations.

3. TRAVEL EXPENSES & FINANCIAL MEANS

I am covering all expenses for this trip (hotel, flights, food, and local transportation) **completely on my own with my personal savings and business income**. My financial situation is stable and transparent:

Available Euro Funds (AGB Visa Card)
I maintain a foreign currency Euro account with Gulf Bank Algérie (AGB Account #**4549732976**):
• **Current balance (Nov 03, 2026):** 2,017.29 EUR .
• This provides about **200 EUR per day** for my 10-night stay, which easily covers my private room, meals, and transit.
• As shown on the official bank statement, I actively used this same Visa card during my trip to Malaysia and Bali in August–September 2026 (spending 1,331.01 EUR).

Savings & Business Funds in Algeria
My ongoing work in Algeria generates steady domestic income:
• **Postal Account (CCP #20816177):** Certified balance of 417,217.13 DZD , reflecting regular client payments over the last 4 months.
• **AGB Dinar Account (#4549731208):** Balance of 83,668.88 DZD .
• **Official Tax Return:** 2,000,000 DZD revenue declared on my 2025 C20 tax certificate.

4. TRAVEL HISTORY & COMMITMENTS IN ALGERIA (REASON TO RETURN)

Travel history and full respect for visas: Over the past 4 years (2022 to 2026), I have traveled to **9 countries across 10 trips**: Tunisia (twice), Egypt, Turkey, Thailand, Saudi Arabia, Tanzania, Morocco, Malaysia, and Indonesia. All stamps and visas are clearly visible in my passport #307271668. On every single occasion, I followed local rules and returned home to Algiers before my permission expired.

Binding client contracts requiring my physical presence in Algiers: I cannot stay abroad because my local clients rely on me directly on site:

- **École Al-Wissem:** Ongoing contract for maintaining and upgrading their internal school ERP system.
- **SARL ProBat:** Active technical training contract requiring in-person training sessions at their offices each month.
- **SARL CITIN:** B2B enterprise contract for on-site software deployment starting in early January 2027.

These contracts and my day-to-day clients require my presence in Algeria immediately after this trip.

5. MY COMMITMENT

I promise to use this visa solely for the professional conferences mentioned, to respect all Austrian and European regulations, and to **leave Austria and the Schengen area on December 04, 2026** as scheduled on my return flight.

Thank you very much for your time and for reviewing my application. I remain available if you need any additional clarification.

Attached supporting documents:
• Signed application form & standard Schengen photos
• IT Futures 2026 signed invitation letter & Open Link Day 2026 confirmation
• Hotel booking in Vienna (private room) & Return flight reservation
• Schengen travel insurance (coverage > 30,000 EUR)
• ANAE Auto-Entrepreneur Card, 2025 C20 tax certificate (2M DA), NIF, CASNOS 2026
• IntellectStim LLC corporate documents (Wyoming Certificate, Operating Agreement, BOIR)
• Official stamped bank statements (AGB EUR: 2,017.29 €, CCP: 417,217 DA, AGB DZD) + Visa card copy
• Algerian client contracts (École Al-Wissem, SARL ProBat, SARL CITIN)
• Color copies of all 10 international travel stamps in passport 307271668

Algiers, November 5, 2026
